

## Present Your Training

Preparing the training presentation can be a challenge. In this folder you will find slideshow samples of a three-day (90-min/each day) training session run as bootcamp. You can use these samples to create your own training model. You will also find two templates with TAMU's branding, which can be used to build your own slideshow.

**Get Your PowerPoint  
Template Here**

**Get Your Google Slides  
Template Here**

### **PPT Template**

---

Once you click on the button a copy of the PowerPoint template will be automatically downloaded to your local computer. Open the PowerPoint file and customize your presentation.

### **Slides Template**

---

The button above, once clicked, will prompt you to "Make a Copy". Once this is done you will find your editable Google Slide Template in your Google Drive account.
