Upcoming Meetings – February 9, 2022 at 8:30 AM CT

In the upcoming meeting, we will share updates on how to enroll participants and manage Communities.

Discussion

Student Observer Role

Q: Will we have a similar timeline for future semesters? Opt-In begins approximately 1 week after class starts and ends approximately 2 weeks after classes start? If so, how will the timeline be adjusted for summer terms?

A The reason for this timeline on Jan 24th at 5pm because it was the last day for add/drop. Summer terms would likely have the same timeline based on add/drop.

Q: If a faculty member decides they would like to opt-in later in the semester, for example, after receiving the request from Athletics to report on student athletes in their class, will that be possible?

A: Yes, any time between now and end of the semester, you can email aihelp@tamu.edu and have the student observers enrolled.

Q: Faculty member has to enroll every semester?

A: Correct. Students change per semester – faculty may have student athletes in fall but none in spring semester

New Quizzes

Q: Question banks to item banks available for migration?

A Instructure has changed their transition for New Quizzes. Originally supposed to be available in December 2021. However, they now only made it available in Beta. Migration tool should be available 07/2022.

Q: how reliable are new quizzes after this change in the timeline? are new quizzes kind of in a pilot phase?

A: Dependent upon what the instructor and course needs.

Canvas Roles

Q: Admin role in discussion posts? Don't have the option of a group discussion.

A: Yes, Only available for Instructors/teacher role, is a role permission.

Q: So TA's don't have an option to select that group?

A: We're not sure but will have to get back to you.

UPDATE: We have confirmed through testing that the TA role does have the option to make a discussion a group discussion.

Q: Training course and access – can training course be available in ORCA?

A: We do not have any manually created courses in ORCA right now. Have to be managed through the admins. Same thing for development or practice courses, must route through aihelp@tamu.edu
